

# The Stephens Buck

**Appearing at  
Cincinnati Hunting & Fishing Show**

**January 23 4:00pm – 9:30pm**

**January 24 11:00am - 5:00pm**

On November 30, the opening day of the last week of gun season, Brian Stephens shot a huge 18 point buck with record-setting potential. It had a net score of  $232 \frac{5}{8}$  inches, and could possibly be the number one non-typical rack in Ohio history shot with a muzzle loader. The  $35 \frac{1}{8}$  inch left and the  $34 \frac{4}{8}$  inch right main beams could be the longest ever recorded from a whitetail anywhere in the world.
